

Major Chords

Worksheet 2

This Worksheet will test your knowledge of the major chords: certain notes that we play as a group to convey a particular musical feeling or tonality.

1. How many notes are in a triad?
 2. Using numbers, what are the notes in a major triad?
(Hint: Use the scale: R 2 3 4 5 6 7 R)
 3. What are the notes in a C major chord?
(Remember, the key of C major has no flats or sharps.)
 4. Major chords can contain flat notes:
 - a. True
 - b. False
 5.
 - a. What are the notes in an A major chord?
 - b. What are the notes in a D major chord?
 6. An arpeggio is when the notes of a chord are played individually:
 - a. True
 - b. False
 7. Chords can only contain three notes; no more, no less.
 - a. True
 - b. False
-

Major and Minor Scales

Worksheet I

Answers:

1. Three.

2. R 3 5

3. C E G

4. True. There is a major chord for every key, and then some.

5.

a. A C# E

b. D F# A

6. True.

7. False. A chord has to contain at least three notes, but many chords contain more than three.
